

PF32459

SEPTAMAN GEL 100 ML

- Surgical Medical Device ? Italian Ministry of Health Registration Number 19059.
- Gel colourless alcohol solution (Ethyl alcohol 70%), ready to use, suitable for rapid and effective disinfection of intact skin and antiseptic and surgical hand washing. Kills bacteria, fungus, micro-bacteria and viruses. Furthermore, inactivates HIV, HBV, HCV and Rotaviruses. Often use is possible due to emollient and dermo protective ingredients for rapid hand disinfection, but in accordance with what indicated in the guidelines for the prevention of hospital infections.
- The SEPTAMAN GEL contains no allergenic substances: does not include perfumes, essences or dyes that could cause allergic reactions.
