Indications for use:

Wear the mask with clean, dry hands, with the side with the visor facing up and the support surface facing out. Then unroll the folds and shape the temple so that the mask fits as snugly as possible, making sure that the mouth and nose are adequately covered. Replace the mask if it is damaged, dirty or wet, or according to local regulations; do not touch the filter part of the mask after use and wash your hands after removing it.
