CTS CHILDREN TRANSPORT SYSTEM

- CTS, innovative newborn’s and children’s containment and transport system, absolutely safe on ambulances
- Fantasy fabric material, slightly stuffed
- Complete of safety-belts allowing to block the newborn in 3 positions, avoiding children usual dangerous and unexpected movements
- 3 external safety belts allowing child further fastening
- 3 belts allowing the fixing of the CTS to the stretcher, ensuring secure transport as per EN1865-1
- The device is intended to be used for new-born and children transport, approximately from 1 to 24 months old (shoulder / crotch length from 35 to 57 cm).
- The device does not provide a maximum capacity in kilograms, as it all depends on the stretcher on which it must be fixed.
- Complete of transport bag
- Dimensions: about 110x70 cm
